Special offerings:

- ◆ **Advanced Word Processing** -- This course builds on what was learned in the Introduction to Word Processing class by teaching participants how to prepare and save address lists, how lists can be attached to documents, and how to create and print envelopes and Avery address labels and cards. The course also covers how to download text and graphics from the Internet and incorporate those items into documents or save them for future reference. You will also learn how to import and use Clip Art, Word Art, and previously saved text and images into your documents and how to use text wrapping to enhance the appearance of your correspondence. Finally, you will learn how to customize Word's tool bars according to your wishes.

Offered at the:

- **Glenwood Senior Center: June 9 & 10 (10am - 12noon) <= note the 10am starting time**

- ◆ **Introduction to Spreadsheets using Microsoft Excel** -- Do you keep track of your household accounting records, doctor bills, or other important records in a paper book, then use a calculator to add them up? Would you like to have the ability to do this electronically within only a few minutes? Then, this course is for you! Learn the fundamentals of spreadsheet processing -- how to create, edit, save and retrieve spreadsheets, as well as how to format and print them.

Offered at the:

- **Glenwood Senior Center: June 21 & 22 (1 - 3pm)**

INDIVIDUALIZED TUTORING
